🏠 Houston, TX

PROFILE

A professional who is recognized for skill in DRY code, communicating and teaching. I have a background in education, management, customer service, and music. I have been passionately studying Full Stack Web Development in the Rice University bootcamp, and I know I am capable and teachable to grow as a developer. I am a lifelong learner and I am excited to be a part of the tech industry. To view my work, please visit my GitHub at github.com/mrdekraker.
